Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Tuesday 17 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with some patchy rain, clearing a little inland.

Today:
Cloudy with mist, fog patches and light rain initially but rain becoming quite patchy. Some brighter spells possible around Belfast and Newry in the afternoon, staying quite poor on the north coast. Maximum temperature 18 deg C (64 deg F).

Tonight:
Low cloud, mist and fog patches settling in during the evening with some light, drizzly rain in places. Not much improvement expected overnight. Minimum temperature 12 deg C (54 deg F).

Wednesday:
Light patchy rain, mist and low cloud on Wednesday morning will begin to clear, with some bright or sunny spells later in the day. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:
Mainly dry for Thursday although rather cloudy. Friday will start dry and bright but clouding over later as rain and stronger winds move up from the south for Saturday.
